#SASA! FAITH: Empower Her Faith

Emthonjeni Women's Forum is implementing the Sasa! Faith methodology, transitioning from awareness to the support phase, where faith spaces become places of safety, accountability, and healing. Faith leaders and congregants are no longer only learning about the drivers of gender-based violence; they are now taking responsibility to respond, support survivors, and challenge harmful norms within their communities. Churches are urged to open up conversations that were once silenced, establish referral pathways, and use their moral influence to promote dignity, equality, and non-violence.

Each successful application opens doors to health care, education, and social protection, especially for the most vulnerable. Turning awareness into action at village level, EWF is ensuring that no child is invisible and no community is left behind one village, one family, one document at a time.

#Every Child, Every Village, Every Document

Access to civil documentation is more than paperwork it is the key to belonging, protection, and opportunity. Through the *Every Child, Every Village, Every Document* campaign, Emthonjeni Women's Forum (EWF) is actively changing lives by bringing documentation services closer to communities. Trained local community cadres are walking alongside families, helping them navigate complex registration processes, gather required records, and engage local leaders and institutions. Adults who have lived for years without identity documents are now securing birth certificates and national IDs, while young mothers are gaining the knowledge and confidence to register their children on time.

International Womens Day

The 8th of March marks International Women's Day 2026 under the theme **Rights. Justice. Action. For ALL Women and Girls**. Emthonjeni Women's Forum values your support through the **We Are One Fund**. The helps turn awareness into real protection providing empowerment for survivors of gender-based violence. As we call for action to dismantle the structural barriers that erode the rights of women and girls, we also call on our allies like you to take part and donate towards the cause.
